

Why should you sponsor one of our 2017 events?

Each year Home ReSource hosts two events to raise the awareness and funds needed to fulfill our mission to reduce waste and build a vibrant and sustainable local economy. While our store and deconstruction services are self-supporting, our charitable and educational Community Sustainability Programs require additional funding and would not be possible without community partners like you. **Your sponsorship ensures that the funds we raise at these events can go directly to support our Community Sustainability Programs.**

Our generous 2016 sponsors made it possible for our fundraising to support:

- 737 young Missoulians to participate in our Zero Waste Ambassadors Program (ZWAP!) and begin to think more critically about materials – where they come from and where they go
- 8 paid youth interns & apprentices to learn on-the-job training in green building, retail and reuse job skills, develop an understanding the inner workings of a nonprofit, and gain awareness of – and actively engage in – efforts to create a more sustainable community
- 39 students from across the Missoula Valley to develop hands-on reuse skills building a custom-designed project in the Home ReSource shop
- 15 people experiencing barriers to employment to receive vocational and green-building skills training in a safe, respectful work environment connected to a meaningful, community-serving cause
- Home ReSource staff to provide guidance and expertise for the ZERO By FIFTY: Missoula's Pathway to Zero Waste planning process in support of Missoula's goal to become a Zero Waste community by 2050

Please join us by sponsoring one or both 2017 events.

Spontaneous Construction: A Festival of Creative Reinvention

Saturday September 16, 2017 at Home ReSource

Now in year thirteen, “SponCon” has become an annual Missoula tradition for many. Contest participants have seven hours to use Home ReSource materials to build the most beautiful, functional, and creative pieces they can dream up. Spectators enjoy a variety of creative reuse activities, music, and food from local vendors. **The event draws families, artists, builders, and DIYers who team up to create works of art and utility, as well as the local media and approximately 500 onlookers just there for the fun.** A panel of experts selects the winning creations, which go to the Benefit Auction (see below) and other pieces are auctioned on-site.

Banquet & Benefit Auction: Celebrating Reuse, Building Community

Friday November 3, 2017 at the Wilma

Home ReSource supporters come together at our annual fundraising gala to enjoy dinner and learn about the ways Home ReSource is making Missoula more sustainable. The live action features the winning SponCon creations as well as artwork, furniture, and services from local artists and businesses. The silent auction offers supporters the opportunity to bid on a variety of smaller items from many more local artists and businesses. **Our 2016 event brought together 220 Home ReSource supporters who gave more than \$38,000 in support of our Community Sustainability Programs.**

Fill out the enclosed sponsorship form and return it to Home ReSource with your payment or call (406) 541-8301 for more details or to reserve your sponsorship. **To ensure inclusion in promotional materials, please commit to your sponsorship by Friday, August 4th (SponCon or both events) or Friday, September 22nd (Auction).**
