This educational adventure is the newest initiative of the Home ReSource Education Program, which seeks to increase waste reduction awareness, knowledge, skills and celebrate reuse! Our Zero Waste Ambassadors Program is designed to help young Missoulians begin to think more critically about materials – where they come from and where they go – and to empower them with the knowledge that their choices really do matter.

ZWAP! Stats

Learning about Zero Waste

For the program, students had a 1 hour classroom session followed by a 2.5-3 hour field trip to Home ReSource.

Through a pre- and post- quiz, we measured student gain in knowledge. On average students had a 66% gain in knowledge.
